CAREER OBJECTIVE

Computer Science and Business Systems student with an analytical mindset and problem-solving approach. Passionate about leveraging technology, data, and collaboration to build impactful solutions while continuously learning and contributing to organizational goals.

EDUCATION

B.E. Computer Science and Business Systems | *Thapar University, Patiala*

Aug 2023 – May 2027

GPA: 9.24 / 10.0

- **Core:** Cloud Computing, Data Structures & Algorithms, DBMS, Operating Systems, OOP, Software Engineering
- **Business:** Business Communication, Business Strategy, Entrepreneurship, Innovation, Market Research

Senior Secondary (10+2) | *D.A.V. Collegiate Senior Secondary School*

Mar 2022 – Mar 2023

Percentage: 95.8% — Mathematics, Physics, Chemistry

SKILLS

Languages: Python, C++, SQL, HTML, CSS, JavaScript

Computer Science Fundamentals: Data Structures & Algorithms, OOP, Operating Systems, Databases, Computer Networks, Artificial Intelligence, Machine Learning, Software Development Life Cycle, REST APIs

Tools & Platforms: Git, PostgreSQL, AWS (EC2, S3, IAM, RDS, Lambda), Figma, ChatGPT, Claude, MS Excel, Power BI (Basic)

Soft Skills: Creative Problem-Solving, Cross-functional Collaboration, Technical Communication, Time Management

PROJECTS

Medical Imaging Research — Fundus-Based CKD Risk Prediction

Jun 2025 – Present

- Developed an end-to-end image analysis pipeline for early CKD risk identification using fundus imaging, exploring non-invasive screening approaches.
- Processed and analyzed 1,000+ medical images using Python-based data preprocessing, feature extraction, and model evaluation workflows to improve data quality and prediction performance.
- Documented system workflows, preprocessing techniques, and model evaluation results as part of the research and analysis process.

Globemaster — Interactive Geography Quiz Platform

Jan 2025 – Feb 2025

- Built a full-stack quiz platform using HTML, CSS, JavaScript, and PostgreSQL with real-time interactions, score tracking, and responsive user experience features.
- Designed and implemented database schemas and backend query workflows to handle real-time user interactions, score tracking, and session management efficiently.
- Presented the full system design and workflow to stakeholders, explaining technical concepts in a clear and user-focused manner.

LEADERSHIP & EXTRACURRICULARS

Head & Mentor — SSA-VIRSA | Thapar University

Sep 2023 – Present

- **Cultural Head:** Spearheads university-wide creative campaigns and manages cross-functional teams, building experience in large-scale, audience-first event production.
- **Mentor:** Guides 100+ junior members in skills development, collaboration, and operations, demonstrating inclusivity and people-first values.

Design Executive — Saturnalia (Annual Tech & Cultural Fest) | Thapar University

Aug 2025 – Dec 2025

- Led design team in producing cohesive visual assets for technical and cultural events, working across teams to align creative output with audience engagement goals.

CERTIFICATIONS

AWS Academy Cloud Foundations (Nov 2025) — EC2, S3, IAM, RDS, Lambda, and the AWS Well-Architected Framework. Foundational knowledge of cloud infrastructure, storage, and scalable computing concepts.
